## WORK EXPERIENCE

### CodeClause, Pune (India)

Web Developer intern

Jun2024 - July 2024

- Developed a real-time chat room web application using ReactJS, enabling seamless user communication and data exchange.
- Built a dynamic News web application integrated with NewsAPI to deliver the latest updates and trending articles.
- Applied responsive design principles to ensure optimal user experience across devices.
- Enhanced project efficiency by leveraging modern ReactJS features like hooks and context for state management.

## EDUCATION

### College of Technology and Engineering Udaipur

Computer Science and Engineering - 72.20%

Nov 2022 - present

## PROJECTS

### Financlly - A fullStack Expense Manager

- Built with React.js and styled using Tailwind CSS for a sleek and responsive UI.
- Uses Firebase for user authentication and session management.
- Implements Redux for efficient state management and data flow.
- Allows users to log, categorize, and analyze their expenses in a structured way.

### Routine-tracker

- Built a responsive ToDo List web app using React, Redux, and React Router with CRUD functionality.
- Integrated task prioritization with low, medium, and high categories for better organization.
- Implemented theme toggle (dark/light mode) and animated UI using Framer Motion and CSS.
- Added a custom timer with 5-min, 15-min, and 1-hour break options for productivity.

### Job-Portal

- Integrated Clerk for secure user authentication, including sign-up, login, and profile management.
- Leveraged Supabase for scalable real-time backend, managing job postings and user data.
- Designed a responsive and modern UI using Tailwind CSS and Shadcn UI for consistent styling.
- Built robust features like job search, filters, and application management for a seamless experience.

## SKILLS

- Frontend Development: HTML, CSS, JavaScript, React.js, Tailwind CSS
- Backend Development: MongoDB, Express, Node.js
- Programming Concepts: Object-Oriented Programming (OOP), Data Structures, Algorithms
- Problem Solving: Strong analytical and debugging skills with a focus on algorithm optimization and efficiency

## CERTIFICATE

### Full stack Web Development

Full stack Web Development in MERN(MongoDb,Express,ReactJs,Nodejs)
