WORK EXPERIENCE

CodeClause, Pune (India)

Web Developer intern   Jun2024 - july 2024

- Developed a real-time chat room web application using ReactJS, enabling seamless user communication and data exchange.
- Built a dynamic News web application integrated with NewsAPI to deliver the latest updates and trending articles.
- Applied responsive design principles to ensure optimal user experience across devices.
- Enhanced project efficiency by leveraging modern ReactJS features like hooks and context for state management.

EDUCATION

College Of Technology and Engineering,Udaipur

Bachelor's degree in Computer Science and Engineering. - 7.69   nov 2022 - jun 2026

PROJECTS

Job-Portal ↗

- Integrated Clerk for secure user authentication, including sign-up, login, and profile management.
- Leveraged Supabase for scalable real-time backend, managing job postings and user data.
- Designed a responsive and modern UI using Tailwind CSS and Shadcn UI for consistent styling.
- Built robust features like job search, filters, and application management for a seamless experience.

MessengerApp ↗

- Developed a real-time chat room web application using ReactJS and Socket.io, enabling instant user communication and data exchange.
- Implemented a dynamic messaging system with Socket.io for real-time bidirectional communication.
- Utilized ReactJS for a responsive and user-friendly interface across all devices.
- Enhanced functionality by leveraging modern ReactJS features like hooks and context for efficient state management.

Shopito ↗

- Built a responsive eCommerce application using React, featuring product filtering, cart management, secure checkout, and user authentication.
- Integrated with backend APIs for order processing and data handling.

SKILLS

Web Development: HTML, CSS, JavaScript, ReactJS,TailwindCSS
Backend Development: MongoDB, Express, Node.js
Programming Concepts: Object-Oriented Programming (OOP), Data Structures, Algorithms
Problem Solving: Strong analytical and debugging skills with a focus on algorithm optimization and efficient solutions
